Subject: CONGRATULATIONS

Dear Dr. Ravi

Your site team deserves our hearty congratulations and compliments for achieving the double digit figure progress for the second consecutive month. It was not easy given the size and complexity of the project. It took their full dedication and hard work round the clock. They achieved this target while maintaining the best safety record on site. As always safety is MORE IMPORTANT than anything else.

We also thank you for your personal support and encouragement of your team with your frequent and some surprise visits (**4 AM on a Thursday** was very effective for its impact).

I also take this opportunity to express our thanks and appreciation for KBR Project Director for his committed leadership and his team's tremendous efforts and guidance to help achieve this un-precedented target.

Needless to mention that going forward, targets will become more difficult to achieve but I am sure that we all are up to it as a team and SHALL ACHIEVE them all, one by one.

Thanks and regards

Liaqat Ali

To whom it may concern

First of all, We are very much pleased to inform you that Nasser S. Al Hajri Corporation is finally selected as "Best partner" to be awarded by Samsung Group Chairman "Mr.Kun Hee Lee" " for their unbeatable performance in schedule, quality & safety and co-operative business partnership shown to Samsung Engineering during the assigned projects.

"HAJRI" is only one awardee in the year 2007 through the fair evaluation of various partners of Samsung Group such as Samsung Electronics, Samsung Heavy Industries and so on.

(Samsung Engineering is one of 35 subsidiary companies of Samsung Group)

We can say again that this award is the most honorable award by Samsung Group, Korea's biggest corporation.

We wish all the best Nasser S. Al Hajri Corporation for their future prosperity and would not hesitate to recommend them for any similar jobs.

Faithfully yours,

On behalf of

Samsung Engineering Co., Ltd. and Samsung Saudi Arabia
